COMMUNITY PHARMACY

CHECKLIST FOR NCAP OPIOID HARM REDUCTION PROJECT

Thank you and your team for participating in this life-saving, public health initiative!

Project Manager: Ouita Gatton, R.Ph
Phone: 919-559-2276
Email: ouitad@gmail.com

- Access all training materials for the Harm Reduction Project via NCAP website
  - Go to ncpharmacists.org
  - Click on Resource page
  - Click on Harm Reduction Project (all the way at the bottom of the list)
  - https://www.ncpharmacists.org/content.asp?contentid=309

- Ask all members of pharmacy team to listen to webinar and read the supportive documents
  - Webinar
  - Q/A Documentation Tool
  - Workflow Checklist
  - MME Chart
  - NCAP Naloxone Training

- Email Ouita Gatton once all training has been completed

- Discuss with every pharmacy team member how you will use this program in your particular workflow.

- Email Ouita Gatton with approximate start date of your pharmacy

- Ensure pharmacy has naloxone to dispense

- Each pharmacy is to participate as little or as much as they can. At the very minimum, each participating pharmacy will receive a monthly phone call to determine
  - Baseline naloxone number (only during first call)
  - Monthly naloxone number dispensed

- Email any additional comments, life stories, changed lives, etc that you wish to include as often as you wish to Ouita Gatton so that information can be included

- During the first call, pharmacy will be asked about syringe sales and CDC Opioid Dispensing materials
